ATL Group

was established in 2012. As a professional LED lighting company, ATL is mainly engaged in the research, development and sales of lighting fixtures. Our company has two factories, both located in Zhongshan City. The main products are linear lights, such as magnetic track light series, aluminum profile series etc..

Since its establishment, ATL has been adhering to the spirit of excellence, striving to meet the customization requirements, making every effort to develop products that are in sync with the market and advancing with the times, and strictly control the production to meet the engineering needs of customized linear lights.
